

SUMMER OF '06

TREVOR
BRAUNER

BEFORE THE
EVENTS OF
ACROSS THE
STREET

In January of 2006, Oaknox was cut in half, leaving half of the neighborhood abandoned behind a chain linked fence due to a lack of population.

The new fence was made to connect with the fence surrounding the abandoned Happytime Burger Shop. Since the town got cut in half, amateur urban explorations were started by people wanting to start exploring, this neighborhood was used as basic training ground.

And a group of friends in the summer of 2006 used this training ground extensively.

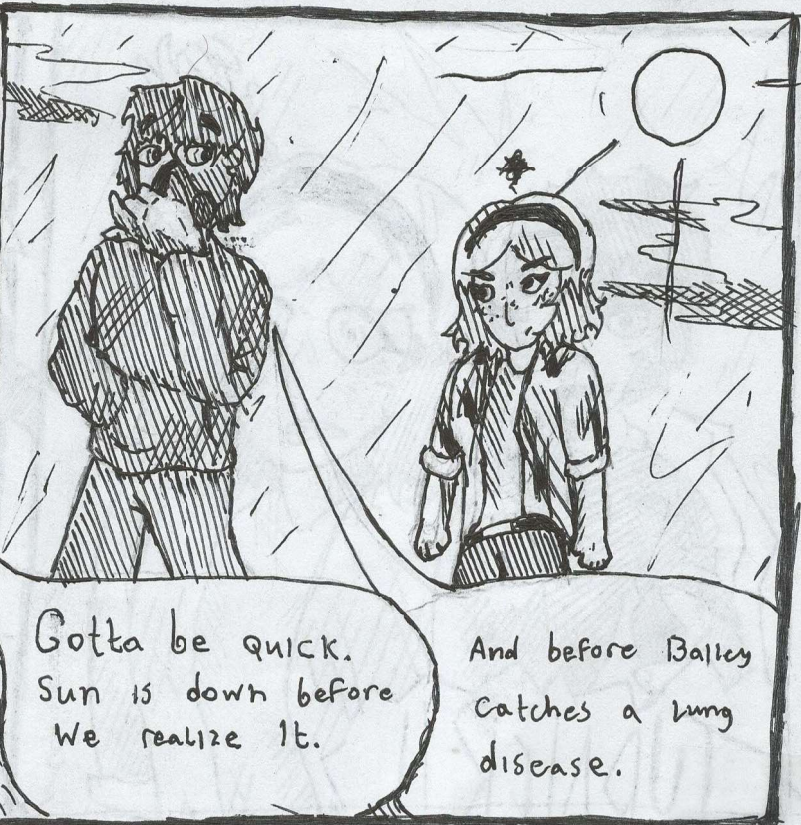

Devin!? Randy!?

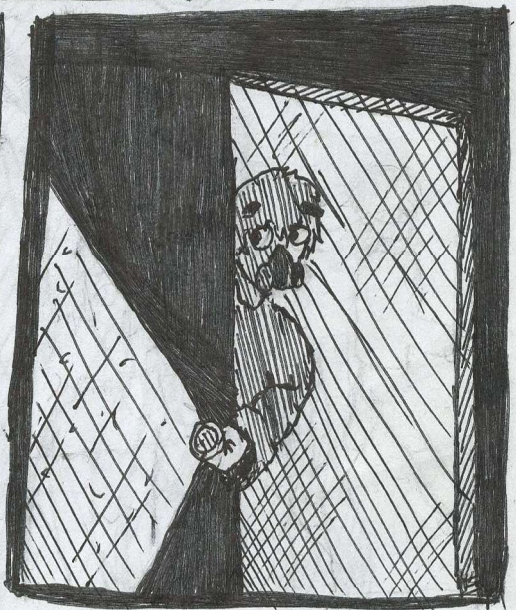

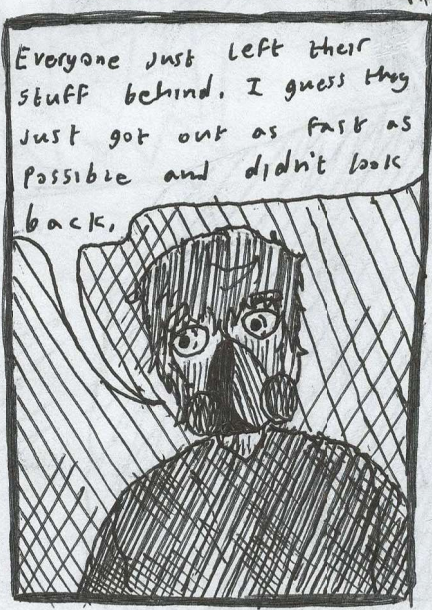

Huh, guess I'm the first one here. That doesn't

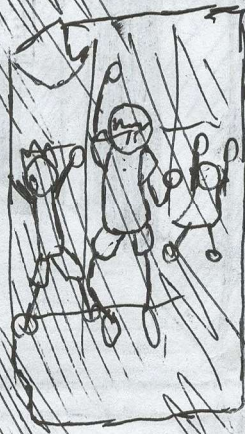

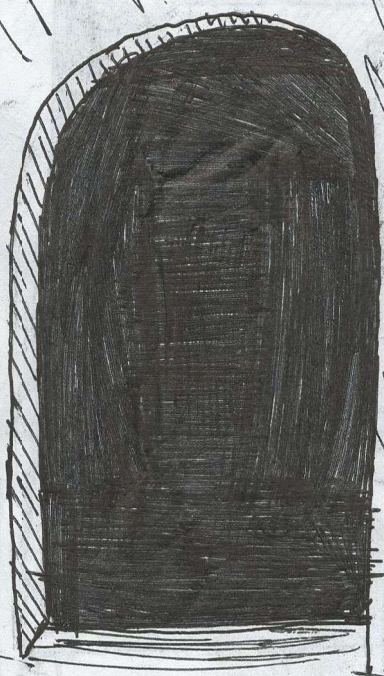

And before Bailey catches a lung disease.

Yo, Devin!
Come check this
out!

Where'd he go?

no idea.

I'll go find him.

Devin!

During the summer of 1999, I lived in a town called Logstock, its about a couple hours from here. I was nine, My sister Susan was Eight. One night after dinner, Susan went out into the backyard with no one watching her. Eventually we all went outside calling for her since she wasn't responding to my mom calling her in. we went out, and behind the shed we found blood everywhere surrounding a hammer. we stayed until we figured out who did it, then left. I came here thinking it will be safer. Guess that was a lie. Thats why I always throw up to the sight of blood.

Well, for starters. There was never something that warranted this conversation until now, And I didn't tell you about this because I didn't want you two to worry about Me, but I guess that idea is out the window. Especially since I told you. I'd rather have you guys with

no worries rather than having you guys worried about me when we hang out.

But, we're your best friends.

That's why I never told you. Being with you and Randy made me forget about it...

... and besides-

Besides what?

I don't ever want to end up like Thomas.

Later...

At the next house

We wanna go into this house?

Sure, why not.

Hey, I found something out about Devin.

What about Devin?

So, Devin moved here after his sister was murdered by a clown. He's never told us because he didn't want us worrying about him. When I found him in the other house, he was looking at a family portrait saying it reminded it of his family.

Damn. That's a... hard hit. So, what do we do with this?

The best we can do is just forgetting what happened.

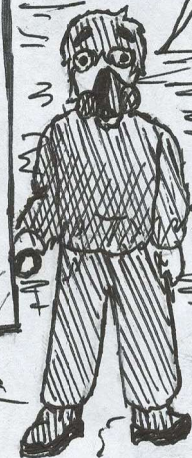

So we agree to never talk about it again?

If it makes him happy. Yeah.

Just a few minutes later...

Yo guys, check this out!
